Don't Shy Away from Using Contract Professionals!

Many think that hiring contract professionals will cost more money. That is just NOT the case. Here are the facts:

Need to hire a SLP or School Psychologist for your students?

According to the U.S. Department of Labor statistics, the average wage for a full-time SLP in an elementary and secondary school setting or education support role is \$67,000 to \$68,500, with some states reporting higher. Add to that base salary the benefits, social security taxes, medicare tax, unemployment tax, health insurance, retirement package ... that could add another 18-26% to the SLP's salary. What about a School Psychologist? Again, according to the U.S. Department of Labor, the average wage for a full-time School Psychologist in this setting is \$68,000 to \$70,000, plus the benefits we mentioned above. If you hire a permanent employee you could be paying in the upwards of \$80,000-90,000.

Consider the Cost Savings of Hiring a Contract Professional through Metropolitan Therapy Staffing Solutions

With contract professionals, you set the parameters—number of weeks/days/hours and you only pay for the work during those contracted time periods. You agree on an hourly rate, a contract is created and signed for a specific period of time.

For example, you may agree to contract with us for one of our professionals for 1200 hours of work at \$70 per hour for a total of \$84,000. That sounds like a lot of money until you realize you don't have to worry about withholding taxes, Social Security taxes, Medicare tax, unemployment tax, workman's compensation, retirement or health benefits. You don't have to spend the man hours to process payroll or make direct deposits. We take care of all of that. You only have to worry about paying one invoice.

Consider Calling Metropolitan Therapy Staffing Solutions Today!

Is Metropolitan Therapy Staffing Solutions THE solution for your facility's unlimited needs? YES!

Because MetroTSS is therapist-owned and operated, we know how important your needs are. We will handle finding and retaining your therapist, supporting them clinically, and more so, you are free to focus on running your facility!

By working with MetroTSS, we take care of everything and immediately begin to reduce your costs at the onset of our relationship.

Your facility will no longer bear the concerns and overhead for items such as pensions, disability insurance, healthcare and administrative costs. Our experience shows an average savings of 8-10%, in payroll alone, for each full-time employee.

Building a Better Business

We have developed a highly successful model that enables

facilities and therapist to work together in ways that benefit both parties. Granting job satisfaction for the therapist translates into longevity of your facility.

From our web-based billing and payroll system to our clinical support team, we support our therapist completely so that your time and effort can be directed to other areas of your business.

Offering Tele-Practice Therapy for Remote Services

MetroTSS offers unique Tele-Practice Therapy services for rural, remote and underserved communities, as well as to culturally and linguistically diverse populations. Through the application of telecommunication technologies we can provide therapy services at a distance. If your facility falls into one of these categories or if you would like more information on this great service, call us today!

During the past year ... Metropolitan Therapy Staffing Solutions has averaged a vacancy fulfillment time of only 25 days. This is considerably faster than the 45-day national average by recruiters.

Serving Facilities Nationwide

A school survey conducted by the American Speech-Language-Hearing Association (ASHA) identified school districts with significant personnel shortages: 68% of survey respondents reported that job openings were more numerous than job seekers.

MetroTSS specializes in the recruitment and retention of highly qualified therapists for facilities nationwide including: Public, Private and Charter Schools, Skilled Nursing Facilities, Hospitals, Home Health Care, PT clinics and more.

PROVIDING DEDICATED TEAM MEMBERS

Our dedicated team of therapist and clinical support staff cover all disciplines including speech language pathology, occupational and physical therapy, psychology and social work, schools, hospitals, clinics, SNF's, PT clinics, & etc.

MetroTSS therapists are available for full-time, part-time and per diem assignments. Our extensive network of certified and highly skill therapists enables us to respond quickly to your facility needs. We also cover vacations, maternity leaves and other vacancies.
